

Project Update: February 2008

February 1, 2009

The teachers and students from Kamaluddin School, Suksamran, and group of 35 visited KCLC. They learned about the RSG-Mangrove Rehabilitation for Biodiversity at Mangrove Terrace (KCLC) and the nursery site at Prapat beach. They also participated in replanting the Mangrove species at the degraded area.

February 2, 2009

The instructors from faculty of Marine Science, Chulalongkorn University visited our Tsunami museum and the Mangrove Terrace (RSG) at KCLC with full of impression.

February 11, 2009

The group of 40 Suksamran volunteers from International Red Crescent and Red Cross Union incorporation with the Thai Red Cross and the American Red Cross attended at our KCLC Mangrove Terrace. They were very impressed in the RSG project.

February 12, 2009

The medical doctors from Ramathibodi hospital and Suksamran hospital group of 8 visited KCLC, Tsunami museum and our living laboratory RSG "Mangrove Terrace".
