

## Project Update: May 2009

May 15, 2009

The Women group of Village 7(Ban Haad Zai Kao) visited our Mangrove Terrace at KCLC. They were much admired in our RSG-Project that will able to disseminate the Mangrove Biodiversity and its benefit to the Andaman coast community.

May 29, 2009

Professional Outreach Program for local officials and agencies, institutional and scientific participated in the Mangrove-RSG meeting at KCLC. This presentation aims to report the progress of the updated project. The final summarized of the overall results will be presented at the end of the project next month in June 2009.
