

Project Update: January 2012

Please find a link to video that I conceptualized and produced while in the field collecting snow leopard data -

<http://www.youtube.com/watch?v=7DygnyeNwK4>

The related booklet production on snow leopard scouts is currently underway -- This is our (conservation and monitoring) component of the snow leopard corridor project. While the chunk of funding for video production was provided by some other institutions, for my involvement (data collection for corridor project in Annapurna).
