

Project Update: October 2013

I want to share with you a link divulgated at the official Santa Catarina Federal University (UFSC) web page. The news called and the picture used on this are attached.

<http://noticias.ufsc.br/2013/10/sepex-2013-confira-lista-dos-projetos-que-serao-apresentados-no-seminario-de-iniciacao-cientifica/>

This is related to the divulgation of one oral presentation related to my project and it also makes publicity of the page of Rufford Small Grants Foundation.

Laryssa Vanessa de Liz is an undergraduate student that received a scholarship from the Institutional Program of Scientific Initiation Scholarships (PIBIC/CNPq – BIPI/UFSC) to work with the Project. Her study was one of the 54 selected from 771 to make an oral presentation at the 23th Seminary of Scientific Initiation of UFSC. It was also selected to represent the Life Science's studies at the UFSC web page (in Portuguese: Ciências da Vida).

The image is a screenshot of the UFSC website. At the top, there is the UFSC logo and the text "UNIVERSIDADE FEDERAL DE SANTA CATARINA". Below this is a navigation bar with links for "Estudante.ufsc.br", "Professor.ufsc.br", "STAE.ufsc.br", "Comunidade.ufsc.br", "Estrutura.ufsc.br", and "Geral". The main content area features a large banner image of two people on a beach, with the headline "Sepex 2013: confira projetos que estarão no Seminário de Iniciação Científica". To the right of the banner is a sidebar with a "BLOG DA GESTÃO" section and a link to "Conheça o Blog da Administração Central da UFSC". Below the banner, there are sections for "NOTÍCIAS" and "EVENTOS". The "NOTÍCIAS" section contains three news items, each with a date, time, and list of participants. The "EVENTOS" section contains one event announcement. At the bottom of the page, there are links for "Florianópolis", "Araranguá", "Curitiba", and "Joinville", along with a small logo and the text "UFSC 1888-2013".
