

Project Update: April 2013

We have conducted a workshop with Kangchenjunga Conservation Area Management Council executive members, its staff, Kangchenjunga Conservation Area Project and with warden of KCA in district headquarter Taplejung in February 2013. We talked in detail about recent progress and about the future of dhole conservation in KCA at the workshop. We also disseminated recent dhole research progress with students and teachers of Institute of Forestry (IOF), Pokhara on the occasion of 18th wildlife week 1-7 Baisakha (14th -20th April 2013) organising a programme in coordination with IOF students on 20th April 2013.
