

Project Update: November 2016

Programmes Conducted:

The awareness of the role of conserving BNC has been raised amongst inhabitants of Bumthang Dzongkhag through educational programmes. The awareness programme on conservation of black necked crane was conducted with Chumey Middle Secondary School on 14th October 2016. A total of 300 students participated in the programme. The awareness on status, distribution and ecological significance of black necked crane has been disseminated to students and teachers. The awareness program with Getsa Community Primary School was conducted from 21st -22nd October 2016. A total of 120 students participated in the programme.

Activities to Conduct:

Awareness programme with Tang Middle Secondary School, questionnaire survey with residents of all Gewogs (Block) and awareness programme with farmers of all Gewogs

Conservation awareness on BNC at Chumey Middle Secondary School
