PROTECT THE ENDEMIC PLANTS OF CHITRAL

WRONG DOINGS

TREE LOSS + LOSS OF ALL TENDER ENDEMIC PLANTS LIVING UNDER IT & ON ITS FALLEN WAY

CUT ONLY PART OF EXTRA BRANCH FOR NEED OF FUEL AND GRAZE

Remember it our responsibility to look after our valuable unique plants and their environment otherwise they will be gone forever.

CUTTING OF TREE RESULTS IN LOSS OF HABITATS OF ENDEMIC PLANTS, FLOODING, CLIMATE CHANGE

THANKYOU FUNDING FROM RUFFORD
