

Project Update: September 2019

We started to conduct the consumer survey and the market survey in Yangon and Mandalay since August 2019. A total of 40 local people, 20 from Yangon and 20 from Mandalay, were interviewed for wildlife consumption using a standard questionnaire sets. Based on a multi-stage random sampling to perform door to door interview we managed strictly according to a selecting order of city-district-community neighborhood.

Market Survey - Interview survey with local people
