

Project Update: June 2007

1. The nature Classroom rehabilitation in Las Mangas is done. It's functioning and managing by GUARUMA locals and providing educational services to the kids, locals and foreigners visiting Cangrejal watershed.
2. The Cangrejal environmental bulletin called "ECOCANGREJAL" is been functioning since February. Six local kids (17-21 years old) from Las Mangas form the editing staff. Five Ecocangrejal newspapers have been release monthly in the communities since then, 500 issues each one (More than 2500 issues total).
3. Seven local teenagers were trained as Naturalist tour guide in their role as Ecotourism adventures rangers. The guides are providing an important ecotourism service in the area.
4. The environmental campaign for natural resources in Cangrejal 2007 and communities lead by GUARUMA / ECOCANGREJAL will be planned for July/ August.
