

Project Update: January 2012

I wanted to share a link to a video as update material for my project: <http://youtu.be/gLqx4jgkp08>. This video was produced with information partially collected during my thesis and the animation was paid with money I saved from the funding Rufford gave me for the field trips. Therefore, the animation has the proper acknowledgment to Rufford at the end (with the credits).

The animation was posted 4 days ago in the web page and FB page of the NGO I work with in Peru and yesterday the most important national newspaper in Peru (El Comercio) made a note for their online version (<http://snipurl.com/223huxt>). In less than 24 hours more than 40 000 persons have read (click) the note. The YouTube video is close to getting 1000 hits.
