

Project Update April 2026

Rufford I.D.: 41961-1

Project Title: Assessment of the Sea Turtle Illegal Take in Bocas Del Toro, Panamanian Caribbean

Update: In March, I attended the International Sea Turtle Symposium in Kailua-Kona, Hawaii. During the meeting, I was awarded the Archie Carr Award for Best Student Conservation Poster. This prize is awarded only to students and is highly competitive, with participants from around the world. I used some of the data that I collected in Bocas del Toro for the poster, which made the recognition especially meaningful.
